

## MTIB CB

MTIB's Certification Body (CB) was established in 2010 in accordance with the function and power of Malaysian Timber Industry Board as outlined in Act 105 MTIB.

Pursuant to this mandate, MTIB-CB supports compliance management system through capabilities for document control, compliance training, on-going audit, reporting and corrective actions.

Certification will be granted for those who have complied with the specific standard and requirements.

MTIB-CB is constantly looking beyond customers and society expectations to deliver market leading services in timber industry wherever they are needed. Our independent services add significant value to our customers' operations and ensure business sustainability.
